

Uputstvo za montažu 1 Azala

Installation instructions 1 Azala

Otvorite dispenser pomoću MP ključa i pričvrstite ga za zid koristeći priložene šrafove. Preporučena visina je otprilike 125 cm od tla.

Open the dispenser with the key and mount it on the wall with the screws-kit. Recommended height about 125 cm from ground.

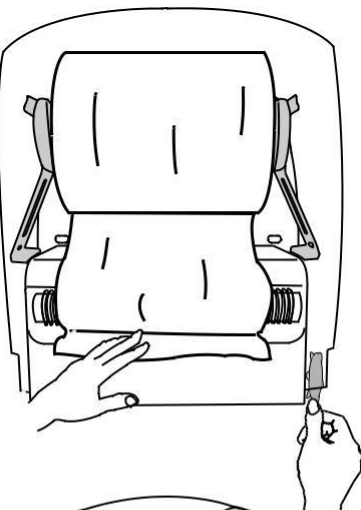

Postavite rolnu papirnog ubrusa na odgovarajuće bočne nosače.

PAŽNJA!!! Za pravilno funkcionisanje, proverite da li se papir odvaja u istom smeru kao što je označeno na etiketi sa donje strane dispensera.

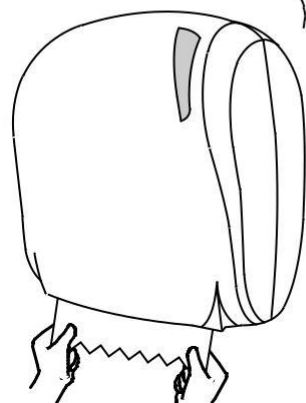

Put the paper roll on the the lateral roll holders.

ATTENTION!!! for a correct use, check that the holding of the roll is in the same direction of the label on the bottom of the dispenser.

Pomažući se rukom (v. uputstvo), provucite papir preko valjka dok istovremeno okrećete beli točak u donjem desnom uglu. Nastavite da okrećete točak dok papir ne izađe.

As shown in the picture, push the paper on the plastic roll by operating the wheel on the right side of the dispenser. It's important to turn the wheel until the paper feeds out.

Zatvorite dispenser i povucite papir sa obe ruke.

Close the dispenser and pull towel with both hands.
